MORGANTON, N. C.

"THE MIMOSA CITY"

PREFACE

LOCATION

Morganton, the County Seat of Burke County, is located in the Catawba River Valley, at the foot of the Blue Ridge Mountains. It is 60 miles east of Asheville, on N. C. Highway No. 10 (U. S. No. 70). Seventy-seven miles west of Salisbury, 68 miles northwest of Charlotte, with the cities of Winston-Salem and Greensboro, northeastward 100 miles and 132 miles, respectively, and is 646 miles from New York City by rail.

CLIMATE

With an altitude of 1200 feet above sea level, and enclosed on the north, south, and west by mountains, its climate is regarded as excellent, conducive to health, and having ideal manufacturing conditions. Sheltered from the extremes of winter by the mountain ranges within twenty miles and tempered by the same mountains in the summer, it has a mean yearly temperature of 58 degrees; spring, 56 degrees; summer, 72 degrees; autumn, 56 degrees; and winter, 42 degrees.

POPULATION

Morganton was established in 1784 and was settled by Scotch-Irish and Pennsylvania Dutch. Population, 1940, 7,776, an increase of 30 per cent over 1930. (Greater Morganton 11,514)

INDUSTRIAL DEVELOPMENT

Morganton is the commercial and industrial center of Burke County. From the standpoint of value of products, industry is predominant. Its industries include: three furniture manufacturing plants; 30 hosiery mills, one fabric mill, a large tannery (branch of the International Shoe Company); one cotton mill; two lumber plants; a machine shop; two flour mills; the National Carbon Company has erected a large plant which is now in operation; and other small industries common to all well developed communities.

The State Hospital for mental patients, as well as the State School for Deaf are located in Morganton. Both of these institutions combined employ approximately five hundred persons.

In the county, three other towns have marked industrial development. Valdese, a town of approximately 2,300 inhabitants, located eight miles east of Morganton, is next in importance, having several hosiery mills, cotton mills; a box factory, and a large bakery.

Drexel, located five miles northeast of Morganton, has a hosiery mill, and a large furniture manufacturing plant.

Glen Alpine, located seven miles west of Morganton, has a hosiery mill, and a large lumber manufacturing plant.

Other towns in which are located industries include: Icard, with a

(Continued on Page Eight)

398601

PREFACE

(Continued from Page Seven)

cordage mill; Rhodhiss, a cotton mill; Henry River, a cotton mill; and Hildebran, a hosiery mill, and a yarn mill.

ELECTRIC CURRENT

Electricity for domestic and commercial purposes is distributed by the Town of Morganton which owns its own distribution system and purchases current at low wholesale rates from the Duke Power Company.

WATER

An ample supply of pure soft water, obtained from nearby mountains, is available at low rates. The Town owns its water plant and distribution system and is prepared to take care of any demand.

TRANSPORTATION

Being located on the Southern Railway's main line from Salisbury to the middle west, excellent transportation facilities are assured with eight passenger and express trains daily, and fourteen regularly scheduled freight trains daily, these varying in number with the demand for this service.

Additional transportation facilities are provided by local and through motor freight lines, operating over an excellent system of hard surfaced highways.

GENERAL

Morganton is a modern city, possessing all of the requisites necessary to successful business and industrial operations, as well as providing an ideal place to live. Its citizens are friendly, courteous, cultured, and they welcome substantial citizens from other sections.

In addition to Kiwanis, Lions, Rotary, Pilots, and a Woman's Club, Morganton has an active Chamber of Commerce and Merchants Association. The Merchants Association operates a credit bureau having a nation wide affiliation.

Morganton's schools are rated as A-1 in the Southern Association of secondary schools. It has churches of practically all denominations and other facilities common to all up-to-date modern small cities.

In addition to the industrial development the surrounding back country is agricultural, producing dairy cattle, small grains, poultry and truck crops. Morganton and Burke County are well balanced. Morganton also is potentially a tourist town, this industry not yet being well developed due to the fact that the highways into the mountains have not been thoroughly completed.

Morganton is famous for its beautiful Mimosa trees which line the streets and highways in every direction. Each year, about July 1st, the Mimosa Festival is held, attracting large crowds of visitors.

Morganton has one of the finest golf courses in the State. A Donald Ross course where golf is played the year round.

MILLER'S
Street Directory
—OF—
Morganton, North Carolina

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE, AND DENOTING BUSINESS PLACES

VOL. III 1943-1944 VOL. III

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(◉)—Before name denotes home-owner.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same,

ABEE—From 319 Rocky Ford north 1 block

109 ◉Abee Danl (3)

AKRON—(See 200 block Alpine)

MEMORANDUM

THE CITY DIRECTORY

places the city on the map and is its only representative to the world beyond the city gates.

It is the city's catalogue of business and represents the city, its citizens, business enterprises and institutions in every corner of the United States.

It is, therefore, the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication can or does.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.
